GREEN POLICY

PREAMBLE

A green and responsible campus supports efficient use of natural resources and environmental awareness. The institution encourages conservation of energy and water, responsible waste management, maintenance of green areas and reduction of avoidable environmental impacts. Students, faculty and staff are encouraged to follow and participate in environmentally responsible campus practices.

OBJECTIVES

- To promote responsible use and conservation of energy and water.
- To encourage proper segregation and responsible management of waste.
- To maintain green areas and promote environmental awareness.

POLICY

- Use electricity and other forms of energy efficiently and switch off equipment when not required.
- Use water responsibly and avoid unnecessary wastage.
- Segregate and dispose of waste through available institutional arrangements.
- Reduce unnecessary paper use and use digital communication wherever feasible.
- Maintain trees, plants and green areas within the campus.
- Encourage environmental awareness and clean campus practices among students, faculty and staff.
- Regular audits of the campus from certified auditor shall be done annually.

IMPLEMENTATION AND MONITORING

- Departments and concerned committees shall support implementation of relevant green practices.
- Students, faculty and staff shall be encouraged to follow resource-conservation and waste-management practices.
- The institution may periodically review green practices and identify areas for improvement.

EXPECTED OUTCOME

The policy aims to encourage responsible resource use, cleaner campus practices and environmental awareness.

REVIEW

The policy may be reviewed periodically based on institutional requirements and campus practices.
