Director's Message

Twenty five years ago, I started my journey in education with a preschool in Delhi. My passion has grown each year, and I have worked to make a difference by empowering others. In 2014, our dream to open a school in Madhya Pradesh came true with the opening of DPS Chhatarpur. Our main goal has always been to help students grow and become future leaders.

With a well-rounded curriculum that includes both academic and extracurricular activities, we nurture our students to be independent thinkers.

We strive to create a lively learning environment that encourages curiosity and responsible behavior.

I am proud of our dedicated teachers who work hard to shape the respectful global citizens of tomorrow.

Our Facilities

Safe & Secure Environment

Safety and security are key, creating a nurturing space for fearless learning. Our vibrant, child-friendly campus fosters a sense of belonging and spontaneous learning, backed by vigilant staff and CCTV for a relaxed, dynamic environment.

Sensory Zones

Hygiene & Cleanliness

Delhi Public School emphasizes top-notch hygiene and cleanliness, with regular sanitization and thorough maintenance across the campus. Our staff, trained in hygiene, are health-certified to ensure a safe and clean environment for learners.

A learning space for personalised educational journeys for all learners.

Message from Lina Ashar, Founder of Dreamtime Learning

When educators redefine the 'why', 'how', and 'what' of teaching, humanity opens the door to abundant futures, sculpting compassionate adults who not only seek meaningful impact but also find financial, emotional, social, and spiritual fulfilment.
