Strategic Plan (2022-2027)

1. Innovative Education and Curriculum Development

- Revise and update the curriculum to include the latest advancements in dental science and technology.
- Incorporate digital dentistry, tele-dentistry, and other emerging technologies into both teaching and practice.
- Enhance clinical training with a focus on holistic patient care, interdisciplinary approaches, and ethics.

2. Excellence in Research and Innovation

- Establish state-of-the-art research facilities focusing on areas like biomaterials, digital imaging, and genetic engineering in dentistry.
- Foster collaborations with national and international research institutions and industries.
- Promote faculty and student research through grants, awards, and publication support.

3. Community Engagement and Healthcare Services

- Expand community dental camps and outreach programs, especially in underserved areas, integrating service with student clinical training.
- Launch mobile dental clinics to increase access to dental care.
- Develop patient education programs focusing on preventive dentistry.

4. Infrastructure and Technological Advancement

- Upgrade dental clinics, laboratories, and classrooms with the latest equipment and technology.
- Implement sustainable practices across campus operations.
- Enhance IT infrastructure for improved digital learning and administration.

5. Governance, Leadership, and Management Enhancement

- Strengthen governance structures for more effective decision-making and accountability.
- Develop a leadership program for faculty and staff to nurture the next generation of leaders in dental education and practice.
- Optimize management practices for efficiency, transparency, and adaptability.

Ward No. 84, Kolar Road, Bhopal (M.P) 462042

Tel: +91-9111777225, 761158888. Website: www.mansarovardentalcollege.com

6. Financial Sustainability and Growth

- Diversify funding sources through alumni engagement, partnerships, and entrepreneurial ventures.
- Increase financial aid, scholarships, and fellowships to support students.
- Implement cost-saving measures without compromising the quality of education and services.

Implementation Strategy:

• Short-Term Actions (Year 1-2):

- Quick wins in curriculum update, research collaborations initiation, and community service programs.
- Begin infrastructure upgrades with high-impact potential.
- Launch the leadership development program.

• Medium-Term Actions (Year 3-4):

- Evaluate and adjust curriculum enhancements based on feedback.
- Expand research projects and increase publications.
- Enhance financial sustainability measures and diversify income sources.

• Long-Term Actions (Year 5):

- Institutionalize successful initiatives and integrate them into the college's core operations.
- Achieve targeted benchmarks in education quality, research output, and community impact.
- Ensure the governance, leadership, and management practices are well-embedded and driving continuous improvement.

Monitoring and Evaluation:

- Establish a dedicated team to monitor progress against the strategic plan, with quarterly reviews and annual reports.
- Utilize a balanced scorecard approach covering educational outcomes, research achievements, community impact, and operational efficiency.
- Foster a culture of continuous improvement, using data and feedback to refine strategies and actions.
