Short answers	10	03	30
Total			70

C. Breakup of practical marks (excluding internal assessment)

I. Oral Medicine and Radiology

- a. Case history
 - Case history taking = 20 marks
 - Diagnosis and differential diagnosis = 10 marks
 - Investigations = 10 marks
 - Management = 10 marks
 - b. Radiograph
 - Technique = 10 marks
 - Processing = 10 marks
 - Interpretation = 10 marks
 - c. Record/journal = 10 marks
- Total = 90 marks**

II. Pediatric and Preventive Dentistry

- a. Case history
 - Recording case history = 25 marks
 - Diagnosis = 15 marks
 - Treatment plan = 10 marks
 - b. Treatment = 30 marks
 - c. Record/ journal = 10 marks
- Total = 90 marks**

III. Orthodontics and Dentofacial Orthopedics

- a. Spotters (10×3) = 30 marks
- b. Wire bending (2×15) = 30 marks
- c. Model analysis = 20 marks
- d. Record / journal = 10 marks

Total = 90 marks

IV. Periodontology

- a. Case history = 30 marks
- b. Scaling = 50 marks
- c. Record / journal = 10 marks

Total = 90 marks

V. Prosthodontics and Crown & Bridge

- a. Case selection and discussion with instrumentation = 10 marks
- b. Case history, diagnosis and treatment plan = 10 marks
- c. Primary cast and special tray = 20 marks
- d. Border moulding = 20 marks
- e. Wash impression = 20 marks
- f. Record/ journal = 10 marks

Total = 90 marks

VI. Conservative Dentistry and Endodontics

- a. Case history recording, examination, investigation, diagnosis and treatment planning = 15 marks
- b. Exercise = 45 marks
- c. Chair side viva = 20 marks
- d. Record / journal = 10 marks

Total = 90 marks

VII. Oral and Maxillofacial Surgery

- a. Case history = 20 marks
- b. Local anesthesia technique = 30 marks
- c. Extraction of firm tooth and patient management = 20 marks
- d. Chair side viva = 10 marks
- e. Record/ journal = 10 marks

Total = 90 marks
