WORDS FROM THE CHAIRMAN

At Mittal Group of Institutes, our mission is to bridge the gap between academic knowledge and industry demands by nurturing a generation of skilled, innovative, and technically proficient professionals. Continuing the rich legacy of our visionary Founder Chairman, Prof. N. K. Mittal, we remain steadfast in our commitment to advancing education with the highest standards of excellence.

I firmly believe that education is the cornerstone of growth and innovation. To this end, we constantly incorporate the most advanced and progressive teaching methodologies to empower our students with practical skills and a future-ready mindset. We strive to create an ecosystem where young minds can explore their potential, embrace challenges, and transform them into opportunities.

Our focus is to enable them to become leaders who will shape industries, drive innovation, and contribute meaningfully to society.

Together, let us build a brighter future for our students, our industries, and our nation.

Mr. Surendra Mittal
Chairman, Mittal Group of Institutes

WORDS FROM THE VICE CHAIRMAN

In a world full of opportunities and ever increasing competition, all young individuals should learn to assess themselves correctly, so as where in the market/ industry they stand today. They should focus on upskilling themselves, expose more to the industry practices and be more adaptable. Surely they can be a right fit to utilise their maximum potential and provide value in this market which is craving for such individuals.

Mittal Group of Institutes, with the vision of founder Chairman Prof. N. K. Mittal grooms students to become industry ready, which fills the gap between the Education being provided and the skillset, mindset, value, industry is looking for in any individual.

Technical and soft skill trainings aligned with the latest industry requirements and Expert faculties delivering university curriculum with a unique pedagogy of catering different learning needs of different students makes this possible.

Students must focus on following their learned faculty consistently and patiently, success is waiting for you with open arms!

Er. Prakhar Mittal
Vice Chairman, Mittal Group of Institutes

WORKSHOP ON ARTIFICIAL INTELLIGENCE BY COMMERCE AND MANAGEMENT DEPARTMENT

The Department of Commerce and Management successfully organized an engaging workshop on Artificial Intelligence, aimed at introducing students to the evolving landscape of AI in the modern business world

WORKSHOP

The workshop not only broadened the students' knowledge but also sparked curiosity and enthusiasm about future career opportunities in the field of Artificial Intelligence. It was a highly interactive session that encouraged students to ask questions and explore how AI could be integrated into their respective domains of study.

During the workshop, students were introduced to various AI tools and their practical applications. Tools like ChatGPT, Video AI, and other innovative platforms were demonstrated, allowing students to understand how these technologies can be effectively utilized in content creation, automation, business analysis, marketing, and more.

Overall, the workshop proved to be an eye-opener for students, equipping them with foundational knowledge of AI and its real-world uses.

MR. LALIT WADHWANI

The session was conducted by Mr. Lalit Wadhwani, an esteemed expert in the field, who shared valuable insights into the growing importance of Artificial Intelligence across various sectors. He emphasized how AI is reshaping the way businesses operate, enhancing efficiency, decision-making, and customer experiences.

B.Tech 1st year students from Mittal Institute of Technology participated in the Sagar Fiesta – Nukkad Natak at SISTech College.

Guided by Prof. Pallavi Tiwari and Prof. Pragya Khare, their unique concept, powerful dialogues, and outstanding performance left a lasting impression on the audience.

Though they didn't secure a position, their act was highly appreciated by everyone present.

This participation was coordinated by MBA Department, which has given our students a good exposure.

MIT B.TECH 1ST YEAR STUDENTS EXPLORE SCIENCE AND INNOVATION AT SCIENCE CENTRE

04 April, 2025

In a bid to spark scientific curiosity and provide experiential learning, B.Tech 1st year students of Mittal Institute of Technology (MIT) recently visited the Regional Science Centre, Bhopal. The educational tour was organized to give students a hands-on understanding of various scientific phenomena and innovations.

The visit allowed students to interact with numerous interactive science exhibits, including displays on energy, mechanics, space science, robotics, and virtual reality. They also had the opportunity to explore the 3D science show, which left everyone mesmerized with its engaging visuals and real-time scientific demonstrations.

Faculty members accompanying the students ensured that each section of the visit was both informative and enjoyable, promoting classroom concepts through real-world applications. The tour fostered team learning and encouraged students to look at science from a practical, problem-solving perspective.

This initiative is part of MIT's continuous efforts to provide students with beyond-the-classroom exposure, helping shape the next generation of innovators and engineers. The visit was not only educational but also a memorable experience that ignited the scientific spirit among students.
