WORDS FROM THE CHAIRMAN

At Mittal Group of Institutes, our mission is to bridge the gap between academic knowledge and industry demands by nurturing a generation of skilled, innovative, and technically proficient professionals. Continuing the rich legacy of our visionary Founder Chairman, Prof. N. K. Mittal, we remain steadfast in our commitment to advancing education with the highest standards of excellence.

I firmly believe that education is the cornerstone of growth and innovation. To this end, we constantly incorporate the most advanced and progressive teaching methodologies to empower our students with practical skills and a future-ready mindset. We strive to create an ecosystem where young minds can explore their potential, embrace challenges, and transform them into opportunities.

Our focus is to enable them to become leaders who will shape industries, drive innovation, and contribute meaningfully to society.

Together, let us build a brighter future for our students, our industries, and our nation.

WORDS FROM THE VICE CHAIRMAN

In a world full of opportunities and ever increasing competition, all young individuals should learn to assess themselves correctly, so as where in the market/ industry they stand today. They should focus on upskilling themselves, expose more to the industry practices and be more adaptable. Surely they can be a right fit to utilise their maximum potential and provide value in this market which is craving for such individuals.

Mittal Group of Institutes, with the vision of founder Chairman Prof. N. K. Mittal grooms students to become industry ready, which fills the gap between the Education being provided and the skillset, mindset, value, industry is looking for in any individual.

Technical and soft skill trainings aligned with the latest industry requirements and Expert faculties delivering university curriculum with a unique pedagogy of catering different learning needs of different students makes this possible.

Students must focus on following their learned faculty consistently and patiently, success is waiting for you with open arms!

OUR SOCIETY

Welcome to Our Society A Place where Eyes that "look" are common But eyes that "observe" are rare.

Where after trials and trials And bribes in cash Criminals are set free Victim's heart, in ash.

A place where People candle march for a day And then move on After few words of wisdom that they say

Where toddlers play with phones Than with building blocks Where even an imaginary Santa doesn't exist Where has the innocence lost

They have so much knowledge Yet so little sense Each one is alone Even after thousands of social media friends

Our society, Where most things remain unseen And most facts come censored Where criminals roam like free little birds

Our Society, A place of plastic smiles And hatred hugs A place where teens, Loose their innocence to alcohol and drugs

Our Society, A place of ironies And political clowns A place of funny miseries And rich frowns It's where you and I reside It's where you and I decide The rules to abide Because end of the day

You and I Make "Our Society"

THE IMPORTANCE OF FUNDAMENTAL RIGHTS

Fundamental rights are special rules that protect everyone and ensure they are treated fairly. These rights help people live freely, safely, and equally. They are important because they make sure no one is treated unfairly and everyone has the chance to grow and be happy.

One important right is the Right to Equality, which ensures everyone is treated the same, no matter their religion, caste, or color. The Right to Freedom lets people speak, learn, and share their ideas without fear. Children have the Right to Education, which allows them to go to school and learn new things for a bright future.

Fundamental rights also keep people safe from harm and ensure justice is served if something goes wrong. For example, if someone is treated unfairly, they can seek help because of these rights.

These rights are written in the laws of a country to protect everyone, young or old. They are like a shield, helping people live with respect and dignity.

By following and respecting fundamental rights, we can make the world a fair and happy place for everyone. They are the foundation of a peaceful and kind society.

आओ मनाएं प्यारा गणतंत्र

भारत माता के हम सब बच्चे,
भोले-भाले मन के है सच्चे।

सब माता से प्यारी यह माता,
जिससे जनम-जनम का नाता।

बड़े जतन से मिली है ये आजादी,
स्वदेशी अपनाएं प्यारी है खादी।

हर जन की यह है जिम्मेदारी,
किसान हो या हो व्यापारी।

पूजा करो, या करो तुम मंत्र,
भूल न जाना, प्यारा गणतंत्र।

आओ मनाएं यह प्यारा उत्सव,
हर घर में मने यह महोत्सव।

उन्नति से देश होगा खुशहाल,
यह है गणतंत्र का 76वां साल।

चहुँ ओर लहराती रहे हरियाली,
हर घर में हो सदा खुशहाली।

स्वच्छ भारत का सपना है हमारा,
निर्मल रहे गंगा-जमुना की धारा।

घर-घर में हमें एक पेड़ लगाना,
सबने मिलकर है आज ये ठाना।

प्लास्टिक मुक्त बने यह हिन्दुस्तान,
टीबी, कुष्ठ, पोलियो का न रहे निशान।

हर बच्चा बनेगा देश का सिपाही,
हम सबने आज शपथ है खायी।

"हरा" रंग देश में हरियाली भर दे,
"श्वेत" संस्कृति-सदाचार का वर दे।

"नारंगी" से त्याग का उज्ज्वल सपना,
गणतंत्र अमर रहे संकल्प है अपना।

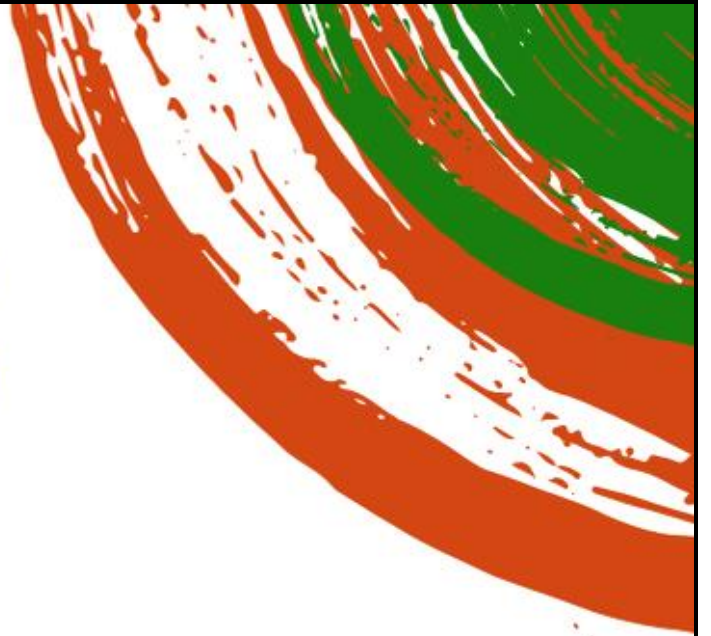

आओ मिलकर सब तिरंगा फहराये,
भारत माता की जय कार कराये।

आप सभी की सदा हो विजय,
भारत माता की जय-जय-जय।

AN INTRODUCTION - MINIATURE WORLD

MICRO ARTIST WILLARD WIGAN

Dr. Willard Wigan MBE has made his name as the 'world's greatest micro artist' for his mind-boggling creations that are invisible to the naked eye. He makes micro-miniature sculptures. His sculptures are typically placed in the eye of a needle or on the head of a pin.

A single sculpture can be as small as 0.005mm(0.0002 inches). As a child with Dyslexia, he was ridiculed in class by his primary teachers for not learning to read. Wigan attributes his early drive in sculpting which began at the age of five. When he was 5, his dog destroyed an ant nest and his mind went into a fantasy world where the ants needed somewhere to live so he built a little palace for the queen and houses for the ants to have a party. He said that" making something small is like putting a pin through a bubble without bursting the bubble.

I go through misery to make my pieces. the pleasure comes when I finish and see the impact they have on people ." His work tools are highly specialized and he can sit really still for hours. His miniature art works inspired millions to have faith in own's capabilities.
