WORDS FROM THE CHAIRMAN

At Mittal Group of Institutes, our mission is to bridge the gap between academic knowledge and industry demands by nurturing a generation of skilled, innovative, and technically proficient professionals. Continuing the rich legacy of our visionary Founder Chairman, Prof. N. K. Mittal, we remain steadfast in our commitment to advancing education with the highest standards of excellence.

I firmly believe that education is the cornerstone of growth and innovation. To this end, we constantly incorporate the most advanced and progressive teaching methodologies to empower our students with practical skills and a future-ready mindset. We strive to create an ecosystem where young minds can explore their potential, embrace challenges, and transform them into opportunities.

Our focus is to enable them to become leaders who will shape industries, drive innovation, and contribute meaningfully to society.

Together, let us build a brighter future for our students, our industries, and our nation.

Mr. Surendra Mittal
Chairman, Mittal Group of Institutes

<https://mittalinstitute.org/>

@mittalgroupofinstitutes

WORDS FROM THE VICE CHAIRMAN

In a world full of opportunities and ever increasing competition, all young individuals should learn to assess themselves correctly, so as where in the market/ industry they stand today. They should focus on upskilling themselves, expose more to the industry practices and be more adaptable. Surely they can be a right fit to utilise their maximum potential and provide value in this market which is craving for such individuals.

Mittal Group of Institutes, with the vision of founder Chairman Prof. N. K. Mittal grooms students to become industry ready, which fills the gap between the Education being provided and the skillset, mindset, value, industry is looking for in any individual.

Technical and soft skill trainings aligned with the latest industry requirements and Expert faculties delivering university curriculum with a unique pedagogy of catering different learning needs of different students makes this possible.

Students must focus on following their learned faculty consistently and patiently, success is waiting for you with open arms!

Er. Prakhar Mittal
Vice Chairman, Mittal Group of Institutes

<https://mittalinstitute.org/>

@mittalgroupofinstitutes

WORDS FROM THE PRO VICE CHAIRMAN

As a proud third-generation member of the promoters in this institute, I am deeply inspired by the values and vision established by my family. Our mission is to nurture a dynamic learning environment where students are empowered to reach their fullest potential.

We are committed to fostering innovation, academic excellence, and character development, ensuring our students are equipped to excel in a rapidly evolving world.

Together, we will continue this legacy of growth and transform lives through quality education.

Mr. Parth Mittal
Pro Vice Chairman, Mittal Group of Institutes

The Guiding Pillars

“

I always feel confident when I am in my college (MGI), served 18 years of my tenure as I joined in 2007 when the college has established. Supportive seniors and all the members of the departmental associations and even teachers are also very supportive, always ready to help the students. A supportive community, consistent and purposeful feedback, a safe learning environment, excellent resources and facilities, and a commitment to extra-curricular activities.

Good cooperation & coordination of administration and management. The Chairman Sir of this Institute is very supportive, co-ordinative and encouraging as well. It's a safe place and has a positive atmosphere.

Prof. Keerti Rai
Assistant Professor
Library Incharge, MIP

”

“

I consider my 5 years experience as a teacher at MGI to be extremely positive. The academic environment, the support of the management and the behaviour of the supporting staff are commendable. FDP, seminars, workshops, conferences were conducted for the development of a teacher.

There was also encouragement for skills development and research work, which greatly helped in the personal and professional development of the faculty. That is why I will always be thankful to Mittal group.

Dr. Kirti Thakur
Assistant Professor
Department of Basic Science, MIT

Guru Purnima Celebration at MGI

July 10, 2025

Mittal Group of Institutes reverently celebrated Guru Purnima, beginning with Saraswati Pooja and the traditional lamp lighting ceremony, invoking the blessings of Goddess Saraswati—the embodiment of knowledge and wisdom. On this auspicious occasion, we were honored to welcome Prof. Dr. Satyam Mishra, Ph.D. from MANIT, who shared his profound insights on the timeless significance of Guru Purnima in the Indian tradition. The celebration was elevated with soulful bhajan performances by faculty and students, and the event concluded with the distribution of prasad, spreading a sense of devotion and gratitude.

HEARTIEST CONGRATULATIONS TO THE MBA BATCH OF 2023-25 ON THE SUCCESSFUL COMPLETION OF YOUR ESTEEMED MBA JOURNEY!! 🎓

We are immensely proud to celebrate the successful completion of your prestigious MBA journey. Over the past two years, you have demonstrated unwavering dedication, resilience, and a commitment to growth—qualities that truly define future leaders.

From insightful classroom discussions to real-world projects, from late-night assignments to impactful presentations—you've made each moment count. Your transformation into confident, skilled professionals is inspiring, and we are excited to see the mark you'll make in the corporate world and beyond.

As you now step into the next phase of your career, remember—this is not just the end of a chapter, but the beginning of a new and promising journey. May you continue to learn, lead, and shine wherever you go.

Wishing you all the very best for a bright and successful future!

मित्तल कॉलेज में आयोजित हुआ नशे से दूरी है जरूरी अभियान

July 19, 2025

MGI Shines at CATC Camp: Winners of Various Competitions Announced with Pride!

July 20, 2025

NCC ACHIEVEMENT

We are proud to announce the winners of various competitions held during the CATC Camp!

🏆 Drill Competition Champion:

PO Cdt Udit Solanki, L.Cdt Hemant Bhor, Cdt Nitesh Meena, Cdt Harsh Rajput, Cdt Ayush Meena.– Winner of the Drill Competition Trophy

🏆 Tug of War Winners:

Cdt Simran Meena & Cdt Anjali Dhanuk– Gold Medalists .

🏆 Participation in Guard of Honor:

Guard commander CC Pankaj Pandey,
PO Cdt Udit Solanki, L.Cdt Hemant Bhor, Cdt Nitesh Meena, Cdt Harsh Rajput, Cdt Ayush Meena.

🏆 Participation in Cane:

Drill-Cdt Simran Meena & Cdt Anjali Dhanuk.

🏆 Best Group Award:

Cadet Captain Pankaj Pandey – Winner of the Overall Best Group Trophy

🏆 Rank Holder Recognition:

Cadet Captain Pankaj Pandey – Medal Winner for Rank Holder Achievement.

Shining Saturday Celebration at MGI - July

July 26, 2025

HAPPY
Birthday

The Shining Saturday was filled with joy as we celebrated the birthdays of our July-born MGI members and gave a warm welcome to the new faces in the family. 🎂

Gifts were presented to the young and dynamic energy of MGI as a token of appreciation. 🎁

Heartfelt thanks to

- * Dr. Kirti Chawre Ma'am,
- * Prof. Pankaj Jhapate Sir and
- * Prof. Pallavi Tiwari Ma'am for sponsoring the gifts. ✨

Thank you Dr. Piteshver Rane Sir for motivating everyone, and for making the celebration cheerful along with Prof. Aishwarya Rai Ma'am.

Hosted and Organised by
Prof. Pallavi Tiwari

MR. PRAKHAR MITTAL, VICE CHAIRMAN OF MGI, ON 92.7 BIG FM BIG SPOTLIGHT WITH RJ PIHU

In a vibrant interaction on the Big Spotlight show, Mr. Prakhhar Mittal shared insights on the excitement of the new admission season, welcoming students who arrive with big dreams and boundless energy. He emphasized that placement isn't just about landing a job—it's about becoming the person you aspire to be, whether in a company, creative field, or entrepreneurship. Impressively, *83% of MGI students secure placements (Jobs) within 2–3 months* of course completion.

On the evolving world of AI, he highlighted the emergence of Agentic AI, noting that while AI is advancing, it won't replace humans—after all, man created machines, not the other way around.

Discussing parenting in today's context, he advocated for a balanced approach: "Not too strict, not too friendly—'No Nonsense Nurturing' is the way forward," he said, offering a thoughtful perspective for raising empowered youth.

MGI MILESTONES

Kalpana Verma, Assistant Professor, is currently undergoing the prestigious PRCN 112 Course at OTA Gwalior. She had the proud opportunity to participate in the 1st Exercise Yuva Shakti, representing the Durgawati team. Presenting on the impactful theme "Beti Bachao, Beti Padhao", her team's collective efforts earned them the Runner-Up position. A proud moment contributing to a noble cause and an inspiring journey of empowerment!

Asst. Prof. Kalpana Verma and Dr. Neelu Quaiyumi from Mittal Institute of Education, Bhopal actively participated in the National Webinar on “Environmental Conservation with Sustainable Utilization of Natural Resources”, organized by the Natural Resources Conservation and Livelihood Society, Bhopal on 29th June 2025.

This certificate is proudly presented to Dr Vivekswar Khandai from the Mittal Institution of Education, Bhopal, in recognition of his active participation in the Capacity Building Program on “Transforming Teacher Education Programs for Inclusivity: Implementing NEP-2020 to Cultivate Critical Thinking, Creativity, Technology Integration, and Holistic Development.” Organized by Dr. Shakuntala Misra National Rehabilitation University, Lucknow, and sponsored by the Indian Council of Social Science Research (ICSSR), New Delhi, the program was held from 14-26 July 2025 this initiative aimed to enhance teacher education through innovative methodologies aligned with the National Education Policy (NEP) 2020. The certificate is issued under the guidance of Dr. Vijay Shankar Sharma, Course Co-Director and Prof Kaushal Sharma Course Director.

NCC ACHIEVEMENT

PROUD MOMENT FOR MITTAL GROUP OF INSTITUTES AT 1 MP NAVAL NCC UNIT CATC CAMP HELD AT IISER BHOPAL!

Our cadets showcased exemplary performance across all competitions:

🏆 Drill Competition Trophy – Cdt Tanisha Rajput

**🏆 Tug of War (Gold Medal) – L.Cdt Mili Singh,
Cdt Amarata Malviya & Cdt Deepika Dabi**

🏆 Overall Best Group Trophy – Cadet Captain Pankaj Pandey

🏆 Rank Holder Medal – Cadet Captain Pankaj Pandey

Congratulations to all for your dedication, discipline, and team spirit!

FASCINATING FACTS

Flamingos are not born pink; they acquire their characteristic color from their diet of shrimp and algae.

Dolphins use unique whistles to "name" each other, a behavior previously only observed in humans and elephants.

ELON MUSK'S ENTRY INTO INDIA: AMBITIONS, CHALLENGES, AND STRATEGIC PARTNERSHIPS

Authors:

-Prof. Dr. Simrina Singh
Director MBA MIT & MIE

-Ms. Pallavi Tiwari
Asst. Prof. MBA MIT

1. The Long Road to India

Tesla's aspirations to enter India date back several years. High import duties—initially exceeding 110–125 percent on EVs—created daunting barriers. Musk had planned an April 2024 visit to New Delhi alongside a proposed \$2 billion investment to build a Tesla factory, but he abruptly canceled, citing pressing Tesla priorities and sealing a significant deal in China instead.

Despite the setback, Musk remained publicly optimistic. At a January 2025 SpaceX event in Texas, he hosted a delegation of Indian entrepreneurs and referred to India as an “ancient and great civilisation”, emphasizing the “immense potential” of India-US ties.

2. Growing Momentum in 2025

In February 2025, Musk met Prime Minister Narendra Modi at Blair House in Washington D.C., accompanied by three of his children. The pair discussed Starlink's India ambitions, Tesla's EV plans, collaboration in space and AI, and the regulatory obstacles ahead.

Musk has voiced frustration with India's previous satellite licensing auctions but noted a shift in government policy toward assignment-based allocation—as a result of sustained advocacy.

By March 2025, high-profile partnerships had formed: Starlink inked deals with Reliance Jio and Bharti Airtel to expand satellite broadband access—pending final regulatory approvals.

3. Regulatory Breakthroughs

April 2025 saw another Modi-Musk call, reaffirming India's commitment to technology collaboration, Tesla's potential manufacturing entry, and Starlink's readiness for launch once cleared by regulators.

[Continue Reading](#)

In early May, Starlink received a Letter of Intent (LoI) from India's Department of Telecommunications—a pivotal step toward formal operations .

The definitive breakthrough arrived in early July 2025, when INSPACe, India's space regulator, granted Starlink a five-year satellite internet license, clearing the way for service launch across the country .

4. Market Realities & Constraints

India's telecom regulator limited Starlink to a maximum of 2 million users, citing spectrum bandwidth restrictions. This cap aims to placate domestic operators while avoiding oversaturating sensitive capacity .

India boasts some of the cheapest mobile data rates globally—making Starlink's high-priced satellite broadband a tough sell unless targeted effectively at remote and underserved areas. Despite infrastructure and distribution partnerships, challenges around distribution costs, local manufacturing, and deep pricing pressure remain central to Tesla's India strategy

In June–July 2025, Tesla finally launched Model Y bookings in India, priced from ₹59.89 lakh (~\$72k) as a Completely Built Unit (CBU) from China. Initial deliveries are anticipated in Q3 2025. Buyers have already voiced frustration about delays and communication gaps .

5. Broader Significance

India is viewed as a potential lifeline for Musk's global strategy amid growing operational and political challenges in the U.S. and China. Tesla's India move is seen as part of a diversification effort—and a gamble on an emerging market with immense EV potential .

Simultaneously, Starlink's entry represents a broader opening by India to private and global players in space and digital infrastructure. Musk's alignment with Reliance and Airtel underscores a strategy of embedment through domestic partnerships, not confrontation .

ELON MUSK'S RELATIONSHIP WITH ISRAEL: DIPLOMACY, CONTROVERSY, AND STRATEGIC TECH ALIGNMENTS

1. High-Level Visits & Diplomacy

Musk visited Israel in November 2023, touring a Hamas-attack-affected kibbutz and meeting with Prime Minister Benjamin Netanyahu and President Isaac Herzog. Herzog reprimanded him over antisemitism on X; Netanyahu expressed interest in Musk helping build a better future for the region. In July 2024, Musk attended Netanyahu's speech before the U.S. Congress as the Israeli prime minister's guest in a private box—sharing the space with soldiers and former hostages. He later confirmed via X that Starlink was active at a UAE-run hospital in Rafah, Gaza, while Israeli officials stated it had been operational for six months—including critical humanitarian utility .

2. Contentious Speech & Platform Policy

In late 2024 and early 2025, Musk faced backlash over gestures and statements seen by critics as antisemitic. More than 100 Jewish leaders signed a letter condemning what they described as Musk's "Nazi salute" and conspiracy-pushing rhetoric. Netanyahu, however, defended Musk, calling him a "great friend" of Israel and dismissing the allegations as smear campaigns .

Continue Reading

3. Platform Politics and Policy

Musk implemented content moderation policies on X, suspending users who use phrases like “from the river to the sea”—which he said implied genocide toward Jews in Israel. He criticized Israel’s actions in Gaza, yet emphasized the power of misinformation and propaganda in fueling violence .

Meanwhile, Starlink service has been extended to Gaza for humanitarian groups—with explicit operating agreements approved by the Israeli government during his visits in November 2023 .

4. Geopolitical Balancing

Musk’s relationship with Israel reveals a nuanced strategy: aligning with Israeli leadership on humanitarian and technological fronts, while also promoting platform content policies and rhetoric critical of Israel’s military conduct. At times his statements have drawn harsh criticism; at others, he’s been publicly defended by Israeli officials .

His stance on Israel sits alongside equally controversial positions on other global issues—ranging from Ukraine, China-Taiwan, to European politics and his AI chatbot Grok’s emerging antisemitism scandal in mid-2025 .

Comparative Perspectives & Intersections

India vs. Israel: Two Frontiers in Musk’s Strategy

Aspect India Israel

Main focus Starlink broadband, Tesla EVs, EV manufacturing X platform policy, Starlink humanitarian use

Key partners Reliance Jio, Airtel, Indian government Israeli government: Netanyahu, Herzog, Communications Ministry

Challenges High tariffs, price-sensitive market, spectrum cap Content moderation criticism, antisemitism allegations

Progress markers Lol from DoT, INSPACe licence, Model Y bookings live Hostage crisis diplomacy, X policy initiatives

Public tone Warm, correction of earlier cancellation, "great civilisation" compliments from Musk Mixed —warm diplomatic gestures but harsh criticism over speech/content

India represents a major commercial expansion with negotiations focused on consumer adoption, manufacturing, licensing, and large-scale infrastructure rollout.

Israel represents more of a political and humanitarian dimension—tied to Musk’s media platform, public diplomacy, content moderation, and crisis response via Starlink.

Thus, Elon Musk’s entry into India is evolving into a landmark push—from canceled trips and regulatory standoffs to licensed broadband services and high-end EV bookings. With license approvals and strategic partnerships, Musk is positioning both Tesla and Starlink for long-term growth in India’s massive and rapidly evolving market.

Meanwhile, his relationship with Israel is shaped by high-level diplomacy, controversial public gestures, and content policy decisions. While Israeli leadership has defended him, his platform’s governance and rhetoric continue to draw scrutiny.

Across both regions, Musk embodies the role of a technology diplomat—leveraging innovation, infrastructure, and media influence—while navigating geopolitical, regulatory, and reputational headwinds.

FASCINATING FACTS

Solid-state batteries are emerging as a promising technology for electric vehicles (EVs), offering advantages such as greater safety and durability compared to current lithium-ion batteries.
